# Trail Boss Gas Grills

## Durability You Can Count On

Designed for the road, these grills are easy to transport with no set-up or tear down required. We mount our best-selling gas grill to a 12 gauge steel, powder-coated trailer with heavy-duty running gear. Simply hook up to a 2" tow-ball and go.

## Performance You Demand

Pull up to our next party with a Trail Boss and start cooking with the best tow behind gas grill on the market. Trail Boss grills use proven A4P gas grills (page 8) that feature separate firebox sections, lava rock, and independent burners for precise heat control of each section.

### ROASTING TIME

200 lb Pig: 7-9 Hours // 300 lb Pig: 9-12 Hours

## Set It & Forget It - The Easiest Pig Roast Ever

*The E-Z Way is the Best! I've used other brands and I will never go back. The results are consistent and the hogs are juicy. The slide-out smoker tray is a great design which is crucial for those first hours of smoking. It's easy to use so I have more time to focus on the flavor. Big John's customer service is excellent & always ready to help when needed. - **Porketta***
