

# Premium Utility Stoves

Designed for the Professional Chef

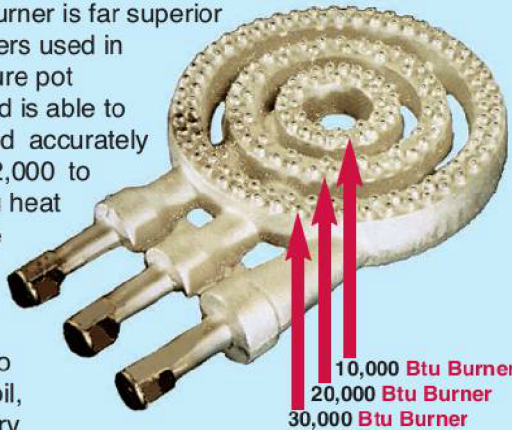

Big 60 II shown on left with included extension legs  
Big 60 I shown on right without included extension legs

## THE BIG 60 BURNER

- **RANGE OF HEAT:** The heart of the Big 60 Utility Stove is a huge, 10" diameter cast iron burner. This 3-ring, low pressure burner is far superior to the burners used in high pressure pot cookers and is able to produce and accurately control a 2,000 to 60,000 Btu heat range. The Big 60 stands alone in its ability to simmer, boil, sauté, stir fry, steam and deep fat fry.

10,000 Btu Burner  
20,000 Btu Burner  
30,000 Btu Burner

- **QUALITY OF HEAT:** Not all utility stoves are equal and the Big 60 burner can actually out-perform many "high pressure pot cookers" with larger quoted Btu outputs. This is possible because its large, 10" diameter, low pressure burner, heats the pots entire bottom with 60,000 Btu of evenly distributed, clean burning, blue flame.

## BIG 60 UTILITY STOVES

- **SUPERIOR PERFORMANCE:** These are the best outdoor utility stoves on the market.
- **QUALITY COMMERCIAL CONSTRUCTION:** These stoves are built tough and can be operated table-top or free-standing using the included extension legs.

26" Wok Set  
set includes wok, stainless steel ring & aluminum lid (not shown)  
(Big 60 I Utility Stove sold separately)

# Pot Cookers

We Have the Right Pot Cooker for You

**SH140L**  
Pot Cooker with  
60,000 Btu burner

**SL30L**  
Pot Cooker with  
30,000 Btu burner

**EX-60LW**  
Double Burner Pot Cooker  
with 2 - 30,000 Btu Burners

Model	Burners & Btu Output	Water Boiling Time*	Pressure	Dimension	Height	Ship UPS	Weight
<b>BIG 60 I</b>	1 x 60,000 Btu	24 minutes	Low	19" x 22"	10" or 25"	✓	50 lbs.
<b>BIG 60 II</b>	2 x 60,000 Btu	24 minutes	Low	39" x 22"	10" or 25"	no	85 lbs.
<b>SL30L</b>	1 x 30,000 Btu	29 minutes	Low	13" x 13"	11" or 23"	✓	18 lbs.
<b>SH140L</b>	1 x 60,000 Btu	24 minutes	High	13" x 13"	11" or 23"	✓	19 lbs.
<b>EX-60LW</b>	2 x 30,000 Btu	29 minutes	Low	32" x 14"	9" or 31"	✓	41 lbs.
<b>EX-280LW</b>	2 x 60,000 Btu	24 minutes	Hi/Hi	32" x 14"	9" or 31"	✓	40 lbs.
<b>KK50</b>	1 x 50,000 Btu	28 minutes	Low	23" x 14"	4"	✓	17 lbs.

\*Water Boil Test Conditions: 20 Quarts of water @45°F, heated to a rolling boil in a 40 Qt. aluminum pot at sea level on a 60° F day.

## HEAVY GAUGE ALUMINUM POT SETS

Pot Size	Ga.	Diam.	Inside Depth	Inside Diam.	Cover Weight
<b>80 Qt.</b>	10	16 <sup>3</sup> / <sub>4</sub> "	21 <sup>1</sup> / <sub>4</sub> "	17 <sup>3</sup> / <sub>4</sub> "	22 lbs.
<b>60 Qt.</b>	10	16 <sup>3</sup> / <sub>4</sub> "	15 <sup>7</sup> / <sub>8</sub> "	17 <sup>3</sup> / <sub>4</sub> "	21 lbs.
<b>40 Qt.</b>	8	14"	15 <sup>1</sup> / <sub>16</sub> "	15 <sup>7</sup> / <sub>8</sub> "	14 lbs.

**QUALITY CONSTRUCTION:** Our heavy-duty Vollrath pots are all manufactured from type 3004 aluminum that spreads heat evenly along the base and sidewalls for efficient energy transfer. Double thick top ring remains round for a better cover fit and double thick bottom provides strength in the critical stress area and resists denting.
